### QB Dwayne Haskins

**On his reaction to becoming a Washington Redskin:**

"Yeah, I'm excited man I just really can't believe it and I'm just grateful for the opportunity that I'm able to be here."

**On his thoughts on the New York Giants passing on him at No. 6:**

"What did I think? I didn't think anything. I talked to my family that I knew (Daniel Jones) was going to get picked. I'm just looking forward to being able to compete against those guys for the rest of my career."

**On if he knew the Redskins would take him after Miami passed on him:**

"Yes sir."

**On his expectations for next season:**

"Expectations are to work as hard as I can, do all I can and be a part of this position (group) and this franchise. I'm looking forward to contributing in any way possible and just get down and work. I'm just excited to be a part of something special and be a part of a team again. I am looking forward to calling the Redskins my home. Things will come and I'm just going to do everything I can to be ready."

**On what he feels his strengths are and what he feels like he needs to improve on:**

"I'm just going to work on getting my head in the playbook, doing all I can to get physically and mentally ready for the upcoming season and just motivate my guys that are coming in with me in this rookie class and do all I can to be prepared for this season. Everything will be a new challenge for me and everything will be something that I will take head on and I'm just looking forward to getting to D.C. and being able to be a part of this team, so I'm really excited."

**On what he thinks about just having one year of college experience:**

"I had one year in college and I feel like I showed all I could as far as one year – I broke a lot of records, did a lot of great things and I feel like I did a lot of stuff that shows that I can translate to the NFL. Just being able to do what I did at a high level, I thought it was the right choice for me to make that change to go to the pros and I'm grateful that the Redskins thought so as well and selected me."

**On attending home games at FedEx Field in high school:**

"I went to a couple of games with my friends back in high school back with RGIII. I haven't been able to since I went to school. But football is taken very seriously down here and I am looking forward to bringing that winning tradition back to the Redskins."

**On attending high school with Dan Snyder's son and if he has ever met Dan Snyder:**

"I never met Dan Snyder before or I was able to meet him during the Draft process. It is cool that his son went to my high school and that I know his son. It is crazy how small this world is and how you can meet somebody

and it can change your life. That is why I make sure I treat people the way I want to be treated and I do all I can do to make sure that I leave a lasting impression on people. I think that Mr. Snyder thought that I was the guy for the franchise. I am just hopeful and I am excited for the future."

**On if his meetings with the Redskins were very X's and O's oriented:**

"It was great. We talked a lot of ball and that's something I love to talk about and you know he never hesitated to ask me all I could, to pick my brain and I feel like Coach [Jay] Gruden is a great coach and is going to do a great job developing me. I feel like we have a great relationship with one another and you know it's going to be a lot of fun working with him over the years."

**On if the Redskins coaching staff mentioned things to improve on his game during his meetings with them:**

"No, I mean there were no conversations like that, I got to be better at everything. Once you think that you arrive is the second you begin to fall so there wasn't anything where it was specific about something I need to improve. Everyone knows I'm a young guy and that I have a lot of work to do and you know I'm here and I'm ready to work so I'm going to do the best that I can to push myself and the guys around me. You know it's going to be a lot of fun getting ready for this season and the seasons to come."
